WHAT IS A TUMBLEBUS?

Tumblebus is a mobile fitness program that provides tumbling, physical education, music and movement classes to area daycares, elementary schools, playgroups, etc...

The Tumblebus is a school bus that has been converted to a mobile gym—the seats have been removed and the walls and floors are completely and comfortably padded and carpeted.

Filled with brightly colored mats and “kid-sized” equipment, kids jump for joy when they see the big yellow Tumblebus coming for their weekly classes. Tumblebus provides a unique and fun way for children to

receive the physical fitness that is so important to their development. Some of our equipment includes: ball pit, monkey bars, sliding board, spring-board, hoops, rings, ladder, ropes, hula hoops, lummi sticks, rhythm ribbons, bean bags and more!
